

Contribute to Authors

Dear friends and fans of Krkal

Maybe you like the game so much, that you'd like to show appreciation to the authors for their hard work. This is why we prepared several ways to do just that. If you're still hesitating and thinking, don't! The great feeling is worth it 😊. The contribution is of course voluntary, you will not receive any better Krkal or benefits for it.

We do however greatly appreciate your support and we **thank you** for it in advance.
